

## Step 1 - Recap the story of Romeo and Juliet

Many years ago in Italy, there were 2 families, the Capulets (Juliet's parents) and the Montagues (Romeo's parents). They were always fighting.

Romeo went to a party and met Juliet. They fell in love.

They decided to get married <sup>in secret</sup> so they went to Friar Lawrence. They knew that their families would be very angry.

Tybalt (Juliet's cousin) is mad at Romeo and decides to fight (Romeo's friend).

Tybalt killed Mercutio. Romeo was so upset that he fought Tybalt and killed him.

The Prince of Verona sent Romeo away.

Juliet asked her friend Friar Lawrence if he could help her. He gave her a special drink so she would sleep for 2 days. Everyone would think she would be dead.

Friar Lawrence sent Romeo a letter to tell him the plan but he didn't get the message.

Romeo thought that Juliet was dead so he bought some poison and killed himself.

When Juliet woke up, she saw what happened. She was so sad and desperate that she stabbed herself.

Both families were so sad that they agreed not to fight anymore.
