

Australia: the most beautiful country in the world!

Vicky

Living in Sydney is so wonderful. It is the largest and busiest city in Australia! There are people from all around the world. You get such energy from all the different people and their cultures. It attracts lots of artistic people! If you could visit Sydney one day, the Opera House is the most fantastic building! I also like shopping and there are the trendiest shops, so it is just amazing! People here have a cool attitude and I just love it!

Rachel

I am a big fan of animals! Australia is famous for its wildlife! Here, you can cuddle a koala. For me, koalas are the cutest animals in the world! There are different species of kangaroos, quokkas, and wombats. We also have the most dangerous animals on Earth, like snakes, deadly spiders, or crocodiles...So, please be careful and stay safe!

I think the best place in Australia is the Great Barrier Reef! It is the biggest attraction of my country! Don't miss the beautiful crystal-clear waters! Why not dive and see tropical fish and sea turtles? The beaches are the nicest in the world! It is perfect to me because I like sunshine and The Great Barrier Reef is the sunniest place on Earth! It is like paradise here!

John

Oliver

If you like sports, surfing is the most popular water sport here. Australia has the best surfing spots in the world! Would you like to try an extreme sport? Come over mate, I will show you how to surf the wave!

If you are interested in history and if you are looking for adventures, you should go on a safari in the Outback, a huge desert. Ayers Rock (also called Uluru) is the most fascinating sight! Did you know that the Aborigines have the oldest history on Earth? They also play the most ancient musical instrument: The Didgeridoo!

Jane

Exercise 1 – Read the different paragraphs, and find AUSTRALIA'S GREATEST SIGHTS !

If you are a fan of shopping, you can go to
