

The biggest island in the world and the smallest continent.

It's one of the most beautiful country in the world .

Her flag is blue and red and we can see the united kingdom flag and some stars in it .

The capital city is camberra .

Australia is:

Things that we can see :

The most famous and cuttest animals like
: koalas, kangaroos and platypus .

Forests, tropical beaches and
desert .

Things that we can see :

My favorites places

Sydney bay, the opera house and the coastline

In these places we can go to a concert and have new mates, have a trip on plane and go to billabong

Don't miss the sunset along the beach 🏖️!

Activities we can do

If you are a fan of the beach, you can go swimming and diving

Have a safari 🤠

The australia have the bests spots to surf in the world
