

Australia

Présentation de l'Australie

- Its a country at the south circle by Océans Pacific and Océan Indian. His capital is Camberra, there are a lot of activities to do and a lot of visit to do . There is a pricipal beautiful city is Sydney, a country the most beautiful and wondrous and there are also a animals dangerous and not dangerous to see. Ex:Koalas, kangaroos etc...

Tropical beaches

- Its the biggest beaches where we can see a tropical fish, the water, the sun, we cant relax with the sun , we can swim, dive and make a new friends (mates). This is my best place because, this the most fascinating and the most beautiful,we can but drink and eat.
- If you are interested, you can visit him

Sydney bay

- It's a place the most beautiful, the city principal of Australia where we can see a boats, the water, the mountains, the bridge, go shopping, eating and drink in a restaurant.
- It's my second best place because you are in the nature with the air
- Did you know that you can take a boat ride in passing under the bridge of Sydney ?
- If you want visit, don't miss, you can visit him

It's a place wondrous where we can buy a drink
and a diner, have fun, we can see in the night the
beautiful moon , the water in the night.

It's my third best place because we can have fun
with the music and exert weself.

Did you know that we can go to a concert ?
You should go to visit him. You will love this place

The end

Thanks for watching
