

Step 1 : Green attitude.

What is a green attitude ? Look at the pictures and react.

This picture is a LEAF.

Inside the leaf...

On the left, there is a house.
In the middle, there is a building.
On the right, I can see a car.
Next to the car, there is a person.

--> there is a WIND TURBINE
--> there is a SOLAR PANEL

At the top, I can see the sun.
Under the sun, there are 3 trees.

Everything is GREEN.

I think the picture symbolizes NATURE.
The title is GREEN ATTITUDE. Maybe it's related to EARTH DAY.

--> The goal of the picture is to stop pollution and start protecting our Planet.

In the picture, we can see the world (the Earth).

Around the planet, there is a tree.

Also, there are children who are giving hands to each other.

There are birds flying over them.

On the right, there is a big house with a chimney that looks like a plant.

On the left there are other people who are jumping.

Life seems to be better than today because people look happy.

They have a green attitude : they reduce trash, they recycle bottles, and they protect the environment.
