

## Leçon à recopier...Je sais faire la visite du collège et présenter les lieux.

My school's name is La Salle. It is in Lille. It's quite big. There are 400 students in the middle school.  
Let's visit it together!

1. Je situe	2. Je dis ce qu'il y a	3. Je donne une information
When you enter my school,	<u>there is</u> the lobby.	It's large. In the morning, the supervisors welcome the students.
On the right,	<u>there are</u> two offices :	the secretary's office and the Vice Principal's office.
On the left of the lobby,	<u>there's</u> an other office :	It's the supervisors' office. This is where they work.
Opposite the supervisor's office,	<u>there's</u> Mr Grenier's office.	It's <u>where</u> we go when we have a problem.
Next to the lobby, there's a hall.	<u>There is</u> the school library.	In the library, we can read books.
Then,	<u>there's</u> a long hall.	On the left, there are lots of classrooms. On the right, there is the playground.
Downstairs,	<u>there is</u> the canteen.	It's very large and modern. It's where we eat at lunchtime.
In the middle of the hall,	<u>there are</u> stairs.	The stairs go to other classrooms.
At the end of the hall,	<u>there is</u> my classroom.	It's big and nice. There are posters on the walls. I love it!
