Picture description

In this picture, I can see a group of 5 students. It takes place in the United Kingdom, nowadays.

In the background, I recognize Big Ben and the Parliament, which is the most famous building in London. In the top left-hand corner, there are other buildings with probably lots of shops, restaurants and bars. On the left of the picture, there are two red double-decker buses. Some people are getting off the bus. Maybe they are going to take pictures of Big Ben.

The students are probably friends because they get along well together. They are sitting in the grass in front of Big Ben and they are smiling. They are holding notebooks in their hands. They must be 18 or 20 years old. I guess they come from different countries and they have been studying in England for a few months. They look happy because they are just chilling out after class.
