.....Mr and Mrs Drayton,

I have just read your cover letter and I like to be your new host student.

First of all, let me introduce myself. My name is Pierre. I am a 15-year-old French boy. I
.....living in the North of France I was born. Next year, I would likego studying
.....the USA, asexchange student. I think staying in a host family is the best way
..... improve my English. My English level is OK. Of course, I'm not fluent **but** I can
understand a lot, **even** sometimes I am searching for words! (I must admit my teacher
helped me write this letter)

You can trust **because** I am respectful person. I will respect the rules your
home. **Also**, I am quite helpful you can count on me if you need any help cook,
set/clear the tabledo some gardening. My friends sayI am very outgoing so I am
pretty sure we will get along well.

.....my free time, I enjoy hanging my friends. I also do sports, almost everyday.
I playing tennis5 years with my eldest brother (I'm better than him !
haha!!). I hope I can do sports with your son, who's the same age me. What's
.....name?

About your house, it looks amazing ! it is very big and modern. You are so lucky to a
swimming pool ! But what I like the most is that I can have privacy, with my own room.

As a conclusion, I believe you are the perfect host family. In the beginning, I'm afraid to miss my
family but I'm sure you will make meat home because you look very friendly.

Finally, I have few questions to ask :

.. . . . you tell me howyour home is from the High School ?
Would it be possibleinvite some friends play video games, from time to time?
Would yougiving me a key **in case** I come back after 9pm ?

I really you will choose me your new host student. I have neverto New
York, I can't wait to ! I'm looking forward your reply.

Kind
