A driver killed as car crashes

A school bus crashed into a car in Toronto, Canada, yesterday at 7:00 a.m. A driver was killed and twenty eight kids were injured.

Forty school kids were riding on a bus going to school early in the morning. The bus driver was driving at a high speed when he ran a red signal. He lost control and crashed into a red Mazda that was on the other side of the road and was driving at a high speed, too. The car was crushed under the bus. A police man who happened to be there reported the accident. A few minutes later, a fire engine and an ambulance came to help the kids and the driver, who had unfortunately died immediately.

Fortunately, the kids were not seriously injured. They were taken to the hospital for treatment. Parents were terrified and went to the hospital as soon as they heard about the accident.
